

Personal Statement

Graduate Program in Psychology

This Personal Statement is a part of the application process and should accompany your application for graduate study at CLU. Please include no more than two typewritten pages covering significant influences and events which have developed your present values and approach to life. Include ways in which these factors may contribute to preparation of a psychology profession. Also include your personal interests and goals, and your professional objectives.

Your writing is to be typed on a separate page and attached to this cover sheet.
