Can I study abroad and still graduate in four years?

Yes you can! Students are encouraged to map out their 4-year plan to include a term abroad. An advisor in the Study Abroad Center is always available to assist with planning.

I don't know a foreign language. Where can I study?

You can go just about anywhere! Courses are offered in English in most destinations, but this is also an excellent opportunity to gain proficiency in another language.

Where will I live?

Housing varies from program to program. Options may include a homestay, university dorms, or apartments/flats with other students.

Can I afford it?

A term abroad is more affordable than you might think. Costs vary among programs, and financial aid is available. The Study Abroad Center can assist you in finding the right program that fits your budget.

"Studying abroad was one of the best decisions I ever made. The experiences I had opened me up to a whole new way of thinking about myself and the world."
