

3 BOTANICAL TOUR THREE

Barbara Collins Arboretum

Welcome to the campus of California Lutheran University

We invite you to enjoy the Barbara Collins Arboretum, named for a beloved professor of biology who selected and classified the flora identified on this tour map. Please use the map to locate the plants and trees that are marked with plaques indicating their common and botanical names.

The University prides itself on being a resource for community dialog, academic research and professional interaction as well as for providing a serene, park-like setting in the heart of the Conejo Valley.

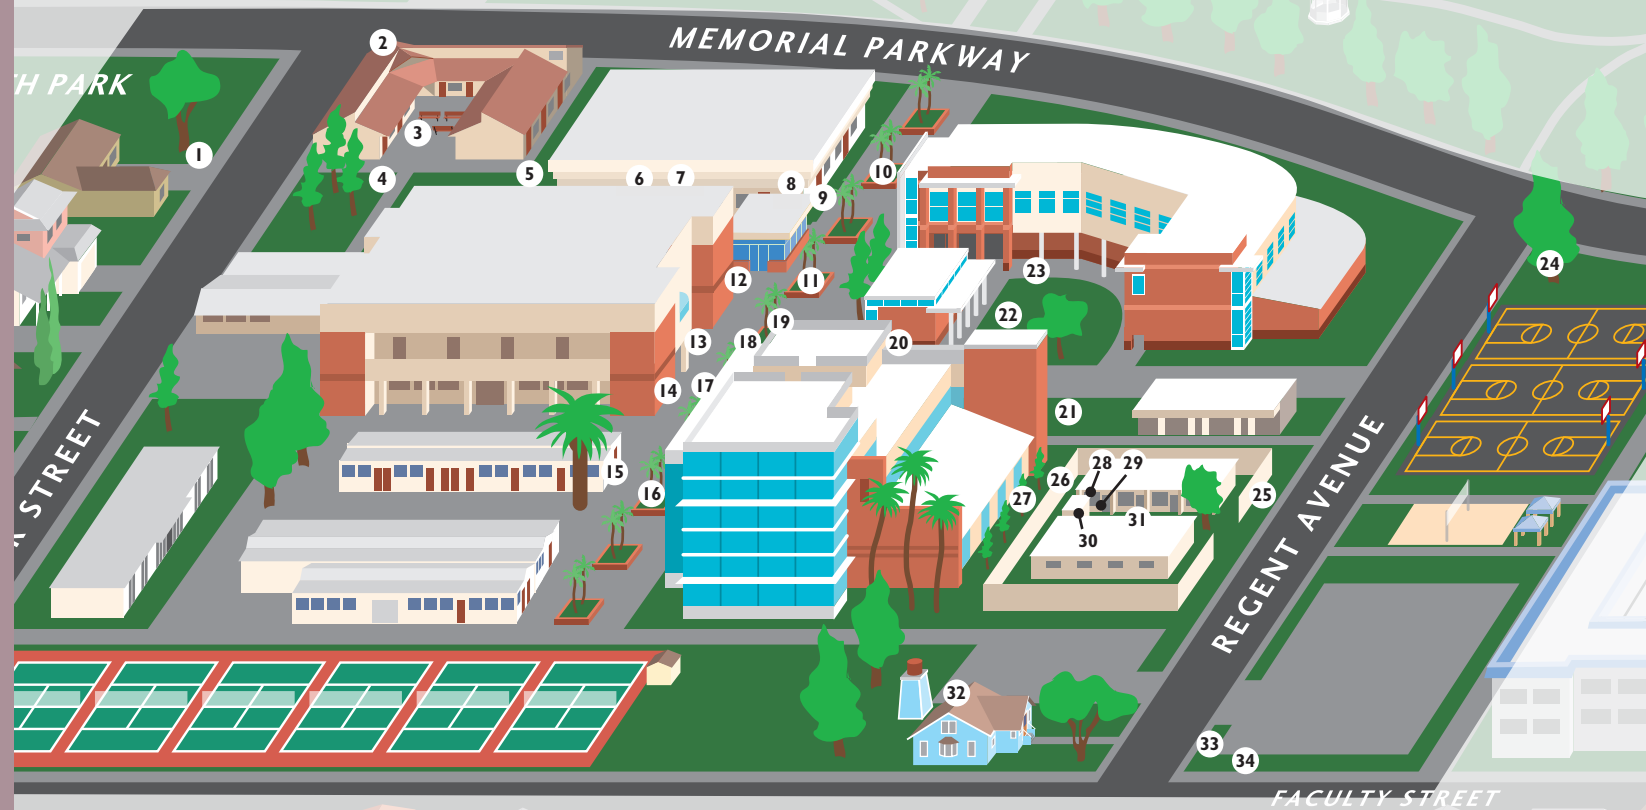

The picturesque hills north of CLU complement the beauty of the campus. This region served as the backdrop for the classic movies "Wuthering Heights" and "Spartacus," while the Wildwood area adjacent to campus served as the Dodge City set for "Gunsmoke" and the fields in the first "Lassie" series. The areas are still popular sites for filming.

You can learn more about the plants of California by visiting Dr. Collins' Web sites from www.callutheran.edu/plants.

Thank you for choosing CLU as your destination for learning, exploration and relaxation.

Classification and identification of plants, flowers and trees is an ongoing process, and locations are subject to change. Please visit the Web site for current information.

Common Name	Scientific Name	Common Name	Scientific Name
1 Paperbark tree	<i>Melaleuca quinquenervia</i>	18 Strawberry tree	<i>Arbutus unedo</i>
2 Western sycamore	<i>Platanus racemosa</i>	19 Flowering plum	<i>Prunus cerasifera</i> 'Krauter Vesuvius'
3 Evergreen pear	<i>Pyrus kawakamii</i>	20 Indian mock strawberry	<i>Duchesnia indica</i>
4 Deodar cedar	<i>Cedar deodara</i>	21 Crape myrtle	<i>Lagerstroemia indica</i>
5 Jeffrey pine	<i>Pinus jeffreyi</i>	22 Society garlic	<i>Tulbaghia violacea</i>
6 Begonia	<i>Begonia hybrid</i>	23 Camphor tree	<i>Cinnamomum camphora</i>
7 Fern pine	<i>Podocarpus gracilior</i>	24 Glossy privet	<i>Ligustrum lucidum</i>
8 African daisy	<i>Osteospermum fruticosum</i>	25 Aeonium	<i>Aeonium arboreum</i>
9 Glossy abelia	<i>Abelia x grandiflora</i>	26 Natal plum	<i>Carissa macrocarpa</i>
10 Canary Island date plum	<i>Phoenix canariensis</i>	27 Escallonia	<i>Escallonia laevis</i>
11 Guadalupe palm	<i>Brahea edulis</i>	28 Queensland umbrella tree	<i>Schefflera actinophylla</i>
12 Mimosa	<i>Albizia julibrissin</i>	29 Lemon bottlebrush	<i>Callistemon citrinus</i>
13 Canary Island pine	<i>Pinus canariensis</i>	30 Japanese aralia	<i>Fatsia japonica</i>
14 Heavenly bamboo	<i>Nandina domestica</i>	31 Common calla	<i>Zantedeschia aethiopica</i>
15 Tobira	<i>Pittosporum tobira</i>	32 Red valerian	<i>Centranthus ruber</i>
16 Star jasmine	<i>Trachelospermum jasminoides</i>	33 Bottle tree	<i>Brachychiton populneus</i>
17 Queen palm	<i>Syagrus romanzoffianum</i>	34 Chinese flame tree	<i>Koelreuteria bipinnata</i>
