GUIDELINES FOR WORKING IN SCHOOLS

As you begin the school counseling Practicum and Field Studies placements, it is important to keep in mind that you are being given this opportunity by dedicated professionals. These counselors are faced with heavy caseloads and they need your full cooperation and maximum effort. As a Practicum or Field Studies student, you should think of yourself as a member of the school staff. You should strive to become as involved in school activities as possible. Your placement this year is an opportunity to not only increase your technical skills as a counselor, but to also become familiar with school policies and procedures. With this in mind, please remember the following expectations/issues throughout your placement:

1. You represent yourself, California Lutheran University, your professors, and your site supervisor. Please respect the trust being placed in you to conduct yourself in an honest, ethical manner. You should abide by professional ethical codes at all times.

2. Your site supervisor, in particular, is placing a great deal of trust in you. Please show respect for him/her, by seeking his/her input and listening to his/her direction and advice.

3. Make a schedule with your site supervisor and keep it.

4. Respect the fact that the primary function of schools is to teach. Your role is to support teachers so that they can provide a better learning experience for students.

5. Contact parents/legal guardians (by phone or home visit) only after discussion with your site supervisor.

6. Familiarize yourself with the school emergency plan and procedures to follow in a physical or psychological crisis. Ask your site supervisor what you are to do if a student expresses suicidal thoughts.

7. Meet with the school principal. Introduce yourself and inquire about his/her expectations and hopes for your work as a counseling Practicum/Field Studies student.

8. Follow all appropriate procedures for looking at information in students’ cum folders. Do not look at cum folders on your own unless cleared by your site supervisor.

9. When in doubt, wait and get advice from your site supervisor, your University Supervisor, or at your supervision (Practicum/Field Studies) seminar. Most things can wait a few days without creating a problem. In emergency situations, follow appropriate school procedures.

Upon completion of your Fieldwork hours, Toggl will generate a report that will be submitted to your Site Supervisor for review and approval before final submission to your University Supervisor. The following steps will assist you in importing the CWA project categories to your existing Toggl account.

From a Desktop Computer:

2. When the file opens, save the document to your computer (make sure to keep it a csv file when you save it)

3. Go to www.Toggl.com and log in to your account

4. When you are logged in, click on the “More” tab from the menu bar and select “Import and Export”

5. Scroll down to “CSV Import” and click “Choose File”

6. Locate the “CWA Toggl Projects.csv” file that you saved to your computer and click “choose”

- For projects with a ** after the title, click the “tag icon” to indicate if they are “Interdisciplinary Experience Hours”. When you are ready to submit your entry, click the green check mark.

![Image of Toggl app](image2.jpg)

- To start tracking your fieldwork hours, click the + button on the bottom right corner of your screen, enter the number of minutes you worked on a specific task, and click “Set”.

![Image of Toggl app](image3.jpg)
Specific times will populate automatically under your recorded minutes. This information does not need to be accurate as it will not be used and can be disregarded.

CANDIDATE AGREEMENT

I have reviewed the guidelines for working in schools and understand what is expected of me as a field work candidate. Additionally, I have discussed the number of hours I must complete, the list of field experiences, and my assignments with my site supervisor. I understand that if I am not able to complete my assignments or the minimum number of field hours required, I will receive a "no credit" for the course and I will have to repeat the course and field hours.

Liability Insurance

Liability insurance is required for all students applying for Field Work. Proof of liability coverage is required in order to submit your Field Work Application. Please upload a copy of your Certificate of Insurance, showing evidence of insurance coverage. Use the Browse Button to locate a copy of your Liability Insurance and then click Upload to add the document to this form.

SITE SUPERVISOR AGREEMENT

I agree to sponsor and direct the candidate’s fieldwork as indicated in the list of field experiences for the course. I have reviewed what is expected of me as a site supervisor as well as the assignments the candidate is expected to complete; I will be able to adequately supervise this candidate and the candidate will be able to complete the assignments at this site. Additionally I understand that the candidate will observe me counseling and guiding students, and that the candidate, once acclimated, will work directly with students at this site. Although the candidate may perform many of the functions of a school counselor, I recognize that she/he is a counselor-in-training who requires regular supervision. Furthermore, I understand the number of field hours the candidate must complete while at this site. Finally, I understand that I must be available to meet with the University Supervisor during the semester to discuss the candidate’s progress and that I will contact that supervisor if I have concerns about the candidate’s performance.

Planned Schedule (Days/Times)

Prior to completing this document, the Candidate and the Site Supervisor will review the Fieldwork Handbook, paying particular attention to the “Definition of Roles”. It is important to review the field experiences the program expects the Candidate to gain during their internship and the evaluations that the Site Supervisor will complete to assess the Candidate’s progress and competency. This information will provide guidance as you create a plan for this field experience.

Please list the primary responsibilities, activities, meetings, events, etc. that the Candidate will participate in during their internship:

Supervision should include at least one hour of face-to-face (individual or group) supervision and feedback per week. How will this Supervision be structured at this site?

The University Supervisor will conduct one site visit for candidates enrolled in Practicum and two site visits for candidates enrolled in Field Studies during the course of the semester. At that time, they will meet with the Site Supervisor to secure feedback about the Candidate’s performance and any challenges they might be having that require remediation.
