California Lutheran University
Parameters and Regulations for Special Events with Alcohol on Campus
August 2, 2006

The fundamental purpose of the California Lutheran University community is a
dedication to excellence in education, development of identity and character, and a
commitment to service and justice. Substance abuse and the resulting consequences
negatively impact campus life and impair individual clarity of thinking, verbal and
perceptual acuity and mental alertness.

CLU supports campus programs leading to wider understanding of the use and abuse of
alcohol and other drugs. In terms of alcohol, choosing not to drink is as socially
acceptable as choosing to drink. Unlawful drinking or drug use, excessive drinking, and
drunkenness are not condoned. Intoxication is not an excuse for misconduct or
infringing on the rights of others. This document endeavors to provide clear guidelines
for the application of policy. The following are the guiding principles for determining
the application and approval process for serving alcohol at on campus events at California
Lutheran University, and are minimum requirements. Additional requirements may be
implemented by the approving party and exceptions to these requirements must be
approved by the President of the University or his/her designee.

Current CLU Alcohol policy states:

“Alcohol is allowed on campus and may be served at special events where specific permission is
sought and granted by the President of the University (or designee). These special events
include, but are not limited to wedding receptions, dinners for Regents or other guests of the
University, and receptions held on campus by external organizations. Distilled spirits are not
permitted at approved special events and non-distilled spirits provided must be served by
catering services holding license to do so. Residential facilities of the University are not locations
on the campus that will be considered for this exception.”
(As cited from the California Lutheran University Student Handbook, 2006-2007 and approved by the
CLU Board of Regents, May 2006)
