Fall 2020 Registration and other Academic Services Information during Social Distancing.

As Cal Lutheran has moved to a Social Distancing Plan, we would like to remind you that the Fall 2020 Advance Registration begins on Monday, March 16th.

Your online registration day and time were emailed to your Cal Lutheran email account earlier this semester from ciureg@callutheran.edu. If you do not know your registration date/time, please email Academic Services.

We realize that some of you may have had difficulty with securing your Advising Clearance. During this extraordinary time, we have lifted the advising clearance requirement for Fall 2020 registration. We still highly encourage you to work with your Faculty Advisor to obtain advising clearance via a virtual advising appointment. Please email your Faculty Advisor to set up that virtual appointment.

All other registration holds will remain in effect.

Academic Services is here to support you while we are in our Social Distancing operation. Please note that many of our forms are electronic and can be found on our website. We are also providing an electronic add, drop and withdrawal form in the coming days. If you need Instructor approval to add a class, we will also be adding an electronic process for that.

All appointments through Academic Services will be conducted virtually. All current and future appointments will be virtual and move to an online or phone appointment.

If you have questions, please email Academic Services or call (805) 493-3105. With Cal Lutheran’s overall goal of reducing the possibility of transmission and the implementation of our Social Distance policy, we need to ask that you call or email us with inquiries as we will be reducing walk-in traffic.

Thank you,
Academic Services
