Pass/No Credit Deadline Changed to May 11th

With the recent announcement regarding Cal Lutheran classes finishing in a virtual format for the rest of the academic year, we would like to let you know about a grade possibility you may want to consider choosing.

You now have the option to request the grading of one or more of your courses to be assessed with a Pass/No Credit option.

Pass/No Credit courses usually have many restrictions on them. Cal Lutheran is waiving the current restrictions in the Catalog. In plain English, you may now request a Pass/No Credit for one or more of your courses without academic penalty for this Spring only. For the Undergraduate Programs this includes allowing Pass/No Credit courses to satisfy Core 21 and Major/Minor requirements.

**Undergraduate Programs:** Pass (P) equals C- or above, No Credit (NC) equals D+ or lower and will not count toward graduation. Courses graded P/NC are not computed in the GPA and therefore do not raise or lower your GPA the way letter graded courses do.

**Graduate Programs:** Graduate School of Psychology Pass (P) equals B- or above and No Credit (NC) equals C+ or lower and will not count towards graduation. Grades of NC must be repeated. All other Graduate Programs Pass (P) equals C or above and No Credit (NC) equals C- or lower and will not count towards graduation.

There are some very important considerations you must take into account as you make this decision:

- For those of you in undergraduate programs and are considering Graduate School please check post-graduate program requirements as some schools like Physical Therapy School, Law School, Medical School, etc... require letter grades. You should talk with your faculty advisor about this.
- If you have an employment reimbursement program at your workplace, they may require you to earn a letter grade to be eligible for reimbursement.
- For our students receiving military benefits, please check with the Veterans Resources office before making a decision as this may impact your benefits.

If you would like to change one or more of your courses to the grading option of Pass/No Credit you must fill out a newly created P/NC form. Click on this [link](#) or navigate to our forms website to access the e-form to make your request. This form must be submitted no later than midnight PST on Monday, May 11th. Exceptions to this deadline will not be made.

Thank you,
Academic Services
